How did the Fund perform for the last six months?

For the six-month period, Fund returned 7.54%, underperforming the Russell 2000 Value Index.

Top contributors to performance

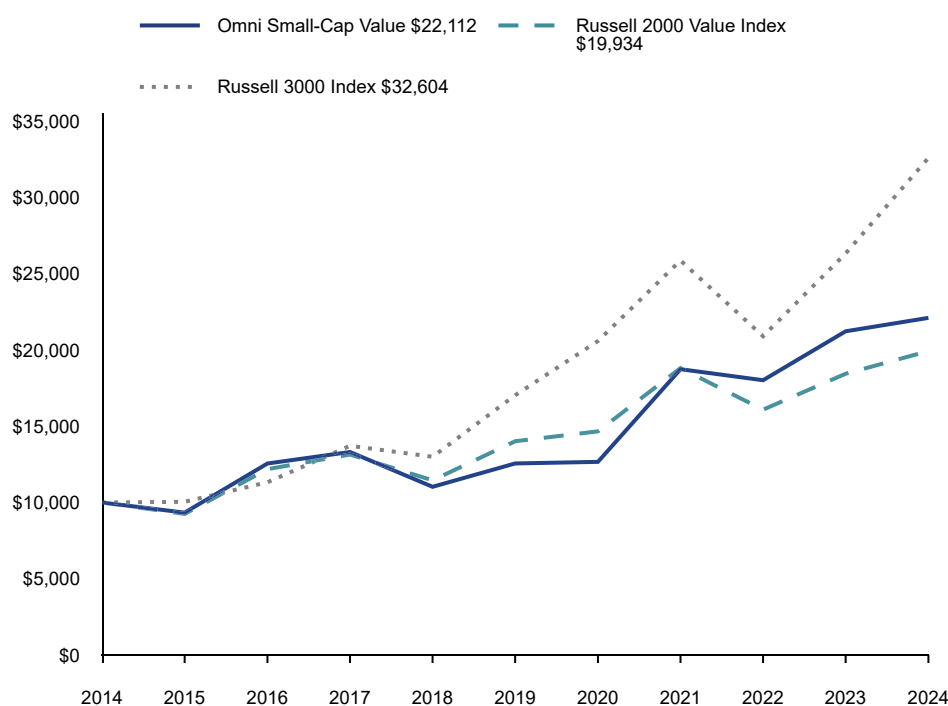

The Fund's tilt toward smaller stocks in the small-cap value universe contributed positively to relative performance. Sector allocation was positive, with the overweighting in the Financials sector and underweighting in the Healthcare sector contributing the most.

Top detractors from performance

The Fund's tilt toward deeper value stocks across multiple valuation metrics contributed negatively to relative results during the period.
